At Marietta Center for Advanced Academics, we create opportunities to expose students to lessons built on problem-based, hands-on, rigorous, and relevant instruction.

As Georgia's first STEM-Certified school, Marietta Center for Advanced Academics is home to a SMART Innovation Lab with a full-time instructor focused on real-world technology implementation.

- 2017 AdvancED STEM Certified School
- 2016 Platinum Award for Student Success
- 2015 Crayola/NAESP Champion Award School
- 2013 National Blue Ribbon School
Marietta Center
For Advanced Academics

“MCAA is for children with an unquenchable thirst for learning. Our students embark on an academic journey that provides them with a sense of accomplishment and achievement as we encourage them to go ‘Above the Line.’”
-Dr. Tricia Patterson, Principal

THE MCAA DIFFERENCE

Students at Marietta Center for Advanced Academics experience:

- Minecraft Coding Lab
- Sustainable outdoor gardens and two science labs for hands-on, daily lessons
- Guest speakers with a focus on engineering (SMART, Applied Engineering, Georgia Tech, StarBase—US Department of Defense)

About Marietta City Schools

There is a balance of rich tradition and bold innovation in Marietta City Schools. Founded in 1892, we are one of Georgia’s first Charter Systems and first International Baccalaureate (IB) World School Districts. Marietta City Schools—representing many nationalities, ethnicities, neighborhoods, and cultures—is committed to the success of all its children.
