

## Environmental Education

## Engage, Enrich, Empower

GA DOE STEM Certified

Advanced STEM Certified

US DOE Green Ribbon

- ◇ Teachers are provided Intentional planning for standards based learning with interdisciplinary connections
- ◇ Students interact with STEM Career Focus Speakers: meteorologist, astronaut, veterinarian, civil engineer, etc.
- ◇ Students participate in an Innovative Earth Parent Program where parents deliver educational lessons with teacher support that connect grade level standards to sustainability and environmental education
- ◇ Students participate in Project Based Learning and Environmental Education Opportunities which are aligned with grade level standards and relevant to the real world.
- ◇ We partner with community organizations and businesses and believe that this relationship is foundational. Partners include: Ford Elementary School Foundation, Ford PTSA, Cobb EMC, C & S Paving, Signs and More, Atlantis Hydroponics, Northwest Family YMCA, Brookstone Animal Hospital, and more!
